## AN ATTORNEY SAT BY ELKINS

And Suggested What Questions Should be Asked

DURING HEARING ON RATE BILL

GOVERNOR CUMMINS OF IOWA RE-ITERATES THAT A RAILROAD LAWYER

Tipped West Virginia Senator During His Examination Before the Senate Committee.

Des Moines, Ia., March 26.—Senator Elkins is not on the side of the people in the matter of railway legislation, according to Governor Cummins of Iowa, who has written the West Virginia statesman a reply to the senator's letter in which he criticized statements made by the governor in speeches to the voters of Iowa regarding his examination before the senate committee on interstate commerce, when it had under consideration the railway rate bill. The governor says that the senator accused him of falsehood in declaring that his cross-examination was hostile, that an attorney of the railway companies sat at the right of Senator Elkins during the examination, that Senator Elkins appeared to be in communion and sympathy with this attorney, and that the attorney handed to Senator Elkins questions to be asked the governor. The governor says:

"The scene in the committee room is sharply stamped on my memory, and it is impossible that I can be mistaken about it. Sitting squarely at your right-hand, just a trifle behind you, sat a gentleman who, as I afterward was informed, is ex-Senator

Faulkner. I inquired what relation he bore to the investigation, and I was told that he was an employee of the railway companies to resist the proposed law. I saw him, with his hand on your shoulder, pass to you questions which you read and then put to me. There can be no mistake about this, for my senses were as alert just then as human faculties can be. But the truth is, senator, that you have fairly established the reputation of standing for the railroads in the United States senate. It is with profound regret that I have condemned your course, but my regret disappears and another feeling takes its place when I observe that you are not only persisting in your indefensible attitude, but are endeavoring to reach over a thousand miles of space and advise the Republican voters of Iowa how to select a governor. The burden is too heavy for you; you can not lift it. The task is too great for you; you can not accomplish it."

## FOUR MEN SHOT IN SALOON FRAY IN COLORADO

Aguilar, Colo., March 26.—Two men were killed in a fight which started in a saloon here and two brothers were severely wounded. The dead: Samuel Vigil, Andres Martinez. The wounded: James Davis, town marshal; F. M. Vigil, justice of the peace. Samuel Vigil and Martinez were killed by Davis, who says he shot them in self-defense. A score of Mexicans attacked Davis after the shooting and he was badly cut about the head before he was rescued. F. M. Vigil, father of Samuel Vigil, started out with a shotgun vowing to kill Davis, and was clubbed into unconsciousness by Deputy Sheriff Shelby.

## CORPSE IN TRUNK.

Police Searching For the Wife of a Timberman.

Stockton, Cal., March 26.—The baggage man at the Southern Pacific station discovered the remains of a man, about 35 years old, jammed into a large trunk. Developments show that the dead man was Albert N. McVicar, who had been employed as timberman in the Rawhide mine at Jamestown. The police are now endeavoring to locate Mrs. McVicar, who was in the city with her husband.

## YOUNG MAN FROM MISSOURI WHO FORCED STANDARD OIL SECRETS

Herbert S. Hadley.

The Advocate here presents the latest picture of Attorney General Herbert S. Hadley, of Missouri, the young man who has just forced the counsel for the Standard Oil company to admit that that corporation controls the Republic Oil company, the Waters-Pierce Oil company, and the Standard Oil company of Indiana, all of which have been posing as "independent" oil companies.

## HADLEY'S ANSWER TO ROGERS.

New York, March 26.—The impudently implied, "Well, now, what are you going to do about it?" of Henry H. Rogers and others of the Standard Oil company officials is answered today by the nervy "show me" man, Herbert S. Hadley, attorney of Missouri, who threatens to fear a few cogs out of the Standard machine. Here's the answer:

"1. Confiscations of all property within the boundaries of Missouri.

"2. Ouster from the state.

"3. Restricted charter, that is, limitation of its charter to do business within the state.

"4. Fine of any amount the courts may deem it proper to assess."

"Assuming that Missouri will win this case—and we're going to win," said Hadley today, "we are going to insist that the penalty inflicted be in accord with the extent of the Standard's impudent and wholesale violation of the Missouri statutes."

"The events of the last few days go to show that the time has come when the so-called trusts cannot go on in entire defiance of the law. One by one we are getting these Standard magnates, and they might as well understand now that they will have to step up and take their medicine. They will have to show Missouri that they have been operating within legal boundaries, or, if they have not, pay the penalty."

"If the shrewd process serves we have on the trail of John D. Rockefeller what is expected of him he will have to come into court and submit to the same treatment accorded to any other individual."

"The Standard has never faced any litigation but twice before—and is therefore lacking somewhat in experience. It got a little experience when Ohio went after it on the ground that it was operating in that state in violation of certain laws, and again when today is brought a suit against it on the same ground. In the present fight with Missouri the trust has done nothing in the way of defense but hide behind refusal to answer questions."

"The existing laws are ample to safeguard the country so far as trusts are concerned. The remedy for any evils that may have crept in is to be found in them. The whole trouble today is that the laws are not enforced and monopolies take advantage of this condition."

CONFERENCE ON ADJOURNMENT

Columbus, March 26.—A conference was held this afternoon between the senators and representatives and Lieutenant Governor Harris to endeavor to arrange for adjournment of the Legislature on April 2.

## TOOK LAUDANUM ENDED HIS LIFE

FRANK DAVIS AN OLD SOLDIER, AGED SIXTY-FIVE YEARS, FOUND DEAD

In a Room at a Resort at 118 Walnut Street—Had Only 85 Cents on His Person When Found.

Frank Davis, aged about 65 years, an old soldier and well known character around town, was found dead in a room at the resort at 118 Walnut street Monday morning about 11:30 o'clock by one of the inmates of the place. Davis had been dead for several hours, and it is believed that he took laudanum with suicidal intent. The resort is known as the Bleeding Heart saloon and was formerly owned by William Moore, but he has since disposed of his interests in the place and since that time there have been several proprietors.

It is said that Davis went to the resort several days ago, having been seen there frequently since last Thursday afternoon. He was about the place all day Sunday in a more or less intoxicated condition and threatened several times to end his life.

He was known to have considerable money on his person, one of the inmates of the resort telling Acting Coroner Wyrnich that he had a \$20 bill Saturday. The coroner found 85 cents in Davis' pockets when he was called to view the remains.

Dr. Wyrnich ordered Long & McCann's ambulance to remove the body to their morgue where it was viewed by Coroner Marriot of St. Louisville, who happened to be in the city. Later the body was prepared for burial and Dr. Marriot held an inquest this afternoon.

Not little is known of Davis' family. He has been a well known character around the city and at one time was an inmate of the Soldiers' Home at Dayton. It is understood that he has several sons in this county, but at a time hour Monday none of them had been located.

Columbus, March 26.—Governor Pattison was worse last night, but is better this morning. The tide of vitality rises and falls, but on the whole it is feared he is losing ground. Physicians expect from the course of the disease, that there will be periods of improvement and depression and will resolve the ultimate outcome in

## MORE GRAFT PAID BACK TO CINCINNATI TREASURY

As Result of Legislative Investigation \$155,363.65 of Stolen Money Has Been Refunded by Officers of the Cox Machine—Ex-Mayor Caught as Graft, and More Exposures are Coming.

Cincinnati, O., March 26.—Attorney Rankin D. Jones, representing John H. Gibson, former treasurer of Hamilton county, Saturday presented Prosecutor Hiram Rullison with a check for \$70,673.65, which he said was paid unconditionally back to the county and represented the sum total of the "gratuities" his client had received from banks while treasurer of the county.

Friday night County Treasurer Hineka sent Rullison an additional check for \$25,000. This added to his other \$25,000 check, is meant to cover his graft.

With the money refunded by former Treasurer Gibson, the county has been reimbursed \$155,363.65 as a result of the exposures of the graft of the county treasurers.

Rullison says before the week has ended he will have effected a complete settlement with treasurers without the necessity of a law suit. Rullison did not make public the receipt of these checks until late Saturday.

In this connection it is charged that the \$500,000 of Carthage pike improvement bonds were issued and allowed to lie in the banks for nearly a year before they were called upon to pay any part. This was a nice graft for the banks that never paid a cent of interest on it.

eral manager of Fleischmann's grain warehouse.

CITY AUDITOR PERKINS

On Witness Stand Tells How an Astonishing System of Grafting Has Been Worked.

Cincinnati, March 26.—Admissions by City Auditor Perkins before the Lexowens Saturday afternoon showed the most astounding system of petty grafting yet brought out in this investigation. City employees who never handled a dollar of money directly or indirectly were made to furnish bonds, the premiums on which were paid by the city. These bonds were written by the Federal Union Surety company of which Auditor Perkins is vice president by the General Underwriting company which Rnd Hynicka controlled and by the Fidelity and Deposit company of which Police Chief Paul B. Milliken was general manager at the time.

Even city councilmen gave bonds for which the city paid.

City officials who had furnished bonds prior to the passage of ordinance were reimbursed by the city and not one word could be found in the ordinance authorizing such payments.

The completeness and scope of this grafting, amounting in the aggregate to thousands of dollars of the city funds was related by Perkins with brazen calmness.

The total bonds given by clerks, stenographers and the like amounted to \$2,250,000, Perkins said.

"For the sake of my family," said Perkins, as he was about to leave the stand, "I want to say that I had not one penny of interest in the Federal Union Surety company. I was merely a resident vice president for the purpose of signing bonds for which I was paid a small fee. If as auditor, I allowed illegal payments of money for premiums on bonds I am responsible and my bond is good."

EX-MAYOR FLEISCHMANN CAUGHT AS GRAFTER.

Cincinnati, O., March 26.—Julius Fleischmann, former mayor of Cincinnati, his brother Max, and Julius Fleischmann's firm, the Union Grain and Hay company, were involved in the senatorial investigation late Saturday afternoon when A. Bender, a grain merchant whose affairs are now in the hands of a trustee in bankruptcy, swore that he had billed grain sold to the city by the Union Grain and Hay company as coming from his warehouse at the behest of the gen-

## JURORS AND PRINCIPAL WITNESSES IN WHITE SLAVE CASE.

New York, March 26.—After a consultation lasting only ten minutes a jury declared that Robert H. Spriggs, a negro, was guilty of abduction, having lured Hattie Warren, a white woman, into his den in Cornelia street, keeping her a prisoner there for six months and forcing her to meet men of his own race. Spriggs and Sallie Bennett, a negro, who headed guilty to a similar charge, will be sentenced tomorrow.

New York, March 26.—Never before in the trial of any defendant in a criminal court in this country has there been such a remarkable atmosphere of hostility to the accused as permeated Judge Cowan's court this week, when Hattie Warren, broken in health told, between sobs of the brutality and indignities she suffered while a captive in one of the dens kept by Spriggs, a negro, who is on

trial for her abduction. From all faces, the next day he sent her to a parts of the room came gasps of surprise and indignation as Cora Chester, a white woman, who told her if she told of having been a prisoner in the den for five years during which period she had crossed the three-hundred thirty-three times.

Hattie Warren's story was that in February of last year she had gone into a saloon, had a drink and then became unconscious. She added:

"When I recovered my senses I was in bed in a strange house. My clothing was gone. I went down stairs and called to me a black girl named Sallie. I told her I wanted my clothing so I could leave the place. She told me I couldn't get out and ordered me to go upstairs, saying he would beat me if I didn't."

She told of her experiences and said that once when she told him she couldn't stand the life he had knocked her down and kicked her in the

The windows were nailed and the blinds were pulled down while the doors were closed and sealed. One day in July she called for her clothing and found the police had been in the house in her absence. Spriggs accused Joseph Boggs, one of his guards, with having permitted her to escape, and beat him. But he kept her there, and she remained until the police again entered the place.

## INSANE NEGRO KILLS GUARD

And Seriously Stabs Two Fellow Convicts in Missouri

WAS FINALLY KILLED HIMSELF

WHILE DEFENDING HIMSELF FROM THIRD STORY OF THE CELL TIER

Fifteen Guards Were Shooting at the Desperate Negro Whenever He Showed His Head.

Jefferson City, Mo., March 26.—Two dead and two injured men are the result of a battle with an insane negro convict at the penitentiary at 5:30 o'clock this morning. The dead are: James Wood, a guard, and "Sunny" Anderson, his murderer, who was sent up from Macon for four years on the charge of assault to kill. Two other convicts who tried to save Wood from the desperate criminal, were severely wounded.

Anderson was killed by the guards while defending himself with buckets of slop in the third story of the cell building.

It is not known who fired the fatal shot, as Captain Zee, deputy warden, and about 15 guards were shooting at him whenever he showed himself.

The trouble occurred as the convicts were being released from their cells for breakfast. When Wood opened the door of Anderson's cell, the prisoner became violent.

Wood shoved him back when he jumped upon the guard, knocked him down and then kneeling upon his stomach, stabbed him in the left side with a shoe knife. Then he jumped up and ran away. Wood struggled to a sitting posture and drawing his revolver, fired at the fleeing convict. The bullet went wide, and Wood sank back from weakness. The negro then ran back, stabbed him twice more, nearly severing his right arm.

Two other convicts saw the attack and ran to Wood's assistance. Anderson slashed them both and then ran upstairs to the top tier of the cell block. One of these men, Wm. Sheridan, a St. Louis negro, was severely cut in the side. Wm. Rockwell, a deformed white man, was cut about the body.

## YARD CONDUCTOR CONFESSES CRIME

SAYS THAT HE ASSISTED IN AN EXPRESS ROBBERY WHICH NETTED \$80,000.

An Inquiry Has Been Started Concerning His Story, Which May Not Be True.

Lima, O., March 26.—Yard Conductor H. A. Sloane of the Pennsylvania railroad walked into the police station here and asked to be locked up. He stated that in November, 1897, he and two other men held up and robbed an express train of \$80,000 at Galena, Ill., on the Chicago Northwestern railway. Sloane was held and an inquiry has been made concerning his story. He is believed to be mentally unbalanced.

Chicago, March 26.—The only robbery occurring on the Chicago and Northwestern railroad near Galena, according to an official of that road, was that known as the Tower W robbery, near Dekalb, and 40 miles from Galena. That robbery occurred in 1899, and netted the perpetrators in the neighborhood of \$40,000.

## JURY DISAGREES IN SHEELEY CASE

After Fifty-Two Hours of Deliberation No Decision Is Made in the Reservoir Dynamiting Case.

Warren, O., March 26.—The jury in the case of Isaac Sheeley, who was indicted for attempting to dynamite the bulkheads of the Grand reservoir a year ago, failed to agree after being out 52 hours, and were discharged by Judge Mathers. It is said the jury stood 7 to 5 in favor of the defendant. The fate of three others under bond for the same crime depends on the result.

## STUBENVILLE'S POSTMASTER.

Washington, March 26.—President Roosevelt today nominated Alexander Sweeney postmaster of Stubenville.

## APPEAL FOR AID FOR SUFFERERS FROM EARTHQUAKE

Tokyo, March 26.—The misery and suffering in the famine district has been slightly relieved by the prompt and liberal aid of the foreign sources and the abatement of the rigors of winter. The local authorities are trying to provide work for the able bodied, but the extent of the work is inadequate and lives of thousands of persons are still on the verge of starvation. Another appeal for aid is probable by the sufferers from the second earthquake in south Formosa, thousands of whom are homeless. The local government is busy providing food, caring for the injured and recovering and removing corpses, several hundred of which are buried under the debris.

# "COTTON" BATES ARRIVES AND TAKES UP REINS OF NEWARK TEAM

## New Manager Announces His Policy for Season--Will Carry Thirteen Men, Including Two Catchers--Pre-Season Games Will be Played With Springfield, Cleveland and Local Teams.

Bates is here. The long looked for event has at last come to hand, and the man who is to direct the destinies of the Newark team for the season of 1906 has arrived in town. George A. Bates, of Youngstown, Newark's manager, arrived in the city Saturday night about 7:30 o'clock, and has registered at the Manhattan hotel where he will await the arrival of the men who have spread their names on Newark contracts.

Bates is a pleasant man to talk with and in his conversation with the sporting editor of this paper he announced his policy for the season. He talks straight from the shoulder and his policy if carried out will be sure to be a winner. In brief, the Bates policy is this: Every position will be filled by the best man. No favoritism. Inside playing the order of the day. Players must keep themselves in condition. And last, but not least, Cotton Bates will run the ball team.

The mere fact that a player was a popular fellow here last year won't make a bit of difference with me," said Cotton Bates. "Every man on the team will have to prove by his playing ability that he is capable of filling the position to which he is assigned. As I stated in one of my letters, it will be the inside work which will count with me. Every man will be required to play the game. The players have to learn to bunt the ball and he who keeps his batting and fielding averages figured up on his cuff will stay but a short time here. I don't want my men to play individual ball. It will be the team work this year which wins the pennant, and I will require such team work here.

"I have asked the owners of the Newark team for thirteen men for the season. There will be four pitchers and two catchers. A schedule of 140 games for the season is too much work for three pitchers and the only solution to the problem is the staff of four pitchers. A catcher who is compelled to do service behind the bat day after day is sure to break and therefore this requires the extra catcher.

"A set of rules will be laid down for the players to follow after the team is signed, and every man on the team will be expected to live up to them. I want every man to be in condition all the time. A ball player is like a race horse. He must take good care of himself in order to get the best results on the diamond. This is only possible when the men live up to regular habits. They will be given to understand that Bates is the manager of the team from the start and that he will listen to no dictations from any one regarding the running of the team.

"I am a new man in Newark. In fact I am practically unknown in this part of the state. The other papers in the circuit have ignored me and have been busy winning the pennant for Akron, Youngstown and Zanesville. For my part I am glad that these papers have not given any space to the Newark team for when the team is in the field and a few surprises are sprung on them, they will sit up and take notice some.

"I have a number of pre-season dates arranged for the boys as a sort of working out process. These games will include a local team, a Cleveland team and several other aggregations. On April 14 and 15 the Euclid Beach team of Cleveland will play here. The King company team was scheduled for April 21, but Manager Hendricks of the Springfield Central league team, has written for this date and as I was corresponding with Springfield management, so they will probably get this date. The King company will probably play on the day previous. The Denison team will play here on the 25th."

### CITY LEAGUE

May Reorganize Next Week--Managers Are Requested to Meet for This Purpose.

In spite of the fact that a heavy snow covers the ground, it is high time that the managers of the City League get together and organize for the season. Manager Fox of the King company team is ready to join the league. If manager Stroud of the Rutledge and Manager Dold of the Consumers, desire to hold a meeting with the other managers during the coming week, the sporting editor of

this paper will be glad to talk with them and assist in any way possible to promote the success of the league. It has been suggested that the league consist of but four teams this year. The league was started with eight teams last year and some trouble over the schedule was experienced and it is thought that with but four teams in the league there will be but little trouble. A meeting can be held at any time in the editorial rooms of this office when the managers can confer together.

### THE KING CO.

Baseball Team is Signed Up and is Ready for Business--Challenges Everybody.

The King Company baseball team, which won the championship of the city league last season, is ready for the present season and Manager Fox announces that he has a bunch of men signed which will beat everything in their class this year. He expects to join the City League this year in case such an organization is effected, but will not confine himself to the teams in this league. He has issued a sweeping challenge to meet any team in the state this summer. A number of games with excellent teams have been already arranged.

### BIG BET ON GAME

Ten Pin Contest at Music Hall Alleys Next Tuesday Night--Coshocton Will Play.

The bowling game between the Coshocton and Newark bowlers set for next Tuesday night promises to be a hummer and the members of the Newark team are confident that they will not only overcome the lead which the Coshocton team made last Tuesday night, but that they will be beaten badly. The Coshoctonites have a big Pittsburg bowler, McMillen, who will show the natives here a few stunts about the game which are at present unknown here. There is a dainty little side bet up on this game and the Newark boys will make the visitors bowl some to take the wad.

### Ballplayer Dead.

Chester, Pa., March 25.—Joseph Cassidy, shortstop of the Washington American league baseball club, died at his home in this city. He had been ill for seven weeks with a peculiar disease which his doctors termed purpura hemorrhagica, the blood turning to blood turning to water. A number of specialists, however, did not agree with the diagnosis.

### PERCHED HIGH UP ON THE ROOF

He Cut His Throat from Ear to Ear, and the Officers Lassoed the Frenzied Youth.

Indianapolis, March 25.—With a threat that he would burn the house to the ground, Chris Sauter, 20 years old, living on a farm six miles south-east of this city, drove his mother and sister and little children from the dwelling Sunday night, and then ordered them back under threat of death. Later he proceeded to the roof of the building, where, perched on the comb, he slashed his throat from ear to ear.

Five officers from the city arrived two hours later. They procured a piece of clothes line and, walking cautiously along the steep roof, lassoed him and caught him as he floundered over the edge. He was given medical attention, and is in a critical condition.

Sauter has been afflicted mentally since he became overheated in the harvest field two years ago, but the first warning of the family had of his condition was when they heard him smashing dishes in the kitchen. Barely had they had time to realize what was happening when the young man walked into the sitting room where they were with a coal oil can in his hand.

Mrs. Fredericka Sauter and her daughter, Mrs. Minnie Schilling, and the latter's two little children rushed into a field near by. The young man, with a loaded double-barreled shotgun, forced them to return.

After roping the young man the officers found that he had saturated the floor of the upstairs room with coal oil, had shattered all the window panes and had demolished the furniture.

### TROOPS OF THE PRETENDER IN MOROCCO.

The unfortunate Sultan of Morocco is menaced on all sides. Not only have the Powers been fighting at Algieras for a share of his territory, but he has also had to face the terrors of the Pretender, who has collected the wildest tribesmen in the country to his standard. These tribesmen manage to smuggle in arms. It was reported last week that the Pretender had scored a victory against the Sultan's troops.

### LIGHTNING STRUCK NORMAN PREACHER

While in His Pulpit at Carson, Iowa, and He Fell Forward a Dead Man.

Carson, Ia., March 25.—While preaching to his congregation Rev. J. B. Lentz pastor of a Latter Day Saints church at this place, was struck by lightning, which caused his death within an hour. The bolt descended during a hard thunderstorm and was communicated to the preacher by a chandelier hanging directly above his head. The shock threw him to the floor in an unconscious state, while many persons in the audience were partially stunned. After nearly every one had fled from the building Lentz was carried out, but failed to regain consciousness. The church took fire, but it was saved. Lentz leaves a widow and two children.

Moonlight and programs tomorrow night. Meet me at the Crescent.

### LAST ADDRESS

On "Civil Righteousness" Was Given at Taylor Hall Sunday Afternoon by Rev. T. L. Kiernan.

The Y. M. C. A. certainly did a good thing in arranging for the series of Sunday afternoon addresses on "Civil Righteousness." Three splendid addresses have been heard the past three Sundays.

The third and last address in the series was given yesterday by Rev. T. L. Kiernan, pastor of Plymouth Congregational church on the subject, "Manhood and Democracy." Mr. Kiernan in a most eloquent presentation, showed how our American Democracy, the final result of ages of governmental evolution; that our ideal of what constitutes a true manhood has also evolved out of the past; and that the two are absolutely dependent upon the other—without a higher, truer manhood there can be no real democracy.

He closed with an appeal to the men present not to stand in the way of progress by low ideals, but to attain to a noble manhood and thus help create a new and more glorious Democracy.

Next Sunday, being Anti-Saloon League day in the churches of the city, the afternoon meeting at the Y. M. C. A. will also be given over to that purpose. State Superintendent Wheeler and Rev. Rutledge, one of the district officers, will be the speakers.

Mention should be made of the splendid music furnished by the chorus choir of Plymouth, directed by Prof. W. W. Nushbaum. "The Lord is in His Holy Temple," and "Dancers of Zion," were both well rendered. The duet, "Sun of My Soul" by Prof. Nushbaum and Miss Vera Jones, was also greatly enjoyed.

Walcott Grange, Wayne county, N. Y., the largest Grange in the world, has a membership of 850.

### NEWARK GUESTS

Assist in Celebrating Mr. and Mrs. George Zeigler's Wedding Anniversary.

Zanesville, March 25.—One of the most enjoyable events of the past week was the party given on Saturday evening by Mr. and Mrs. George Zeigler of East Main street, in honor of the second anniversary of their marriage. There were about 40 guests present and the evening was spent with dancing and cards. Vocal music was rendered by a quartet composed of Misses Emma Haeffler, Carrie Ditzel, May Charles of Newark and Mr. Frank Wetz. Mrs. Charles Bingham of Newark furnished instrumental music. A bounteous supper was served during the evening. The out of town guests were Mr. and Mrs. Charles Bingham and Miss Mary Charles all of Newark; Miss Grace Doyle of Columbus, and Miss Hattie Glen of Coshocton. At midnight the guests repaired to their homes, wishing Mr. and Mrs. Zeigler many returns of the occasion. Mr. and Mrs. Zeigler were the recipients of many handsome presents.

### V. E. THEBAUD

Will Remain in Newark and Has Opened an Office for Architectural Work.

Mr. V. E. Thebaud, who has been here for a year as the representative of Mills the architect of Columbus, will have an office of his own in this city, having severed his connection with Mr. Mills.

Mr. Thebaud served apprenticeship with J. H. Manning, who is now with Mr. Burdett in domestic architecture set a very high standard. While in this office he was associated with Addison Johnson, whose design carried out in the Temple of Music, the building in which President McKinley was shot, is well remembered. After graduating from the College of Architecture at Cornell university, in collaboration with W. C. Johnson he designed the great power house at Hannawa Falls, N. Y.

Two years before coming to Newark Mr. Thebaud was with F. S. Barnum & Co. of Cleveland. While with them he had charge of the Gothic church erected by the congregation of the Church of Unity.

### MEDICAL OFFICES REFUSED THE MAILS

Inspectors in Brooklyn and New York Unearth Fifty-Two of These Illegal Resorts.

Washington, March 25.—Orders have been issued by the postmaster general instructing the postmasters at New York and Brooklyn to refuse to admit to the mails the advertisements of 52 illegal "medical offices" located in those cities, and also to refuse to deliver mail matter received addressed to the fictitious and assumed names under which parties conducting these concerns hide their identity. For some time past the department has been working in New York gathering the necessary evidence to close the mails in those cases, and the officials of the department expressed the belief that practically all of the criminal concerns of this character in these cities have been covered. A statement given out at the postoffice says: "The volume of business done by these concerns was very large. It was said that as high as 20 criminal operations a day were performed in some of these offices, and that the income sometimes ranged as high as \$2,000 a week."

### HOSTILE NATIVES PURSUING CURRY

When He Was Last Seen, and the Samar Constabulary Search for the Governor.

Manila, March 25.—According to advices received today the recent fight at Magtaon, Samar, between the constabulary and Pulajanes, was the result of base treachery on the part of the natives. As a result of the fight 30 Pulajanes were killed and 16 of the constabulary killed and wounded. The American officials were later found with the exception of Governor Curry. He was last seen being chased by Pulajanes, and it is now believed he is hiding in the dense brush in that locality. Three hundred constabulary are now on the trail of the fugitive natives and searching for Governor Curry.

### GOVERNOR CURRY IS SAFE.

Washington, March 25.—An official dispatch from Governor Ide received at the War Department today, says that Governor George Curry of Samar, is safe. There was an engagement between the Pulajanes and the constabulary in which 16 of the bandits were killed. Curry and several other Americans escaped from pursuing Pulajanes by swimming a river. Curry in some manner became separated from the rest of the party and was lost in the underbrush 26 hours. According to Ide's cablegram he was uninjured.

### DETAILS OF FIGHT.

Manila, March 25.—A late dispatch this afternoon has been received, signed by Governor Curry detailing the recent engagement with Pulajanes at Magtaon. This indicates pre-

vious reports of the governor's death were erroneous. The dispatch says: "Had a hard fight in which Captain Jones of the constabulary lost half of his command, gaining a magnificent victory in the face of overwhelming odds. The Pulajanes, under a flag of truce and while promising to surrender immediately, opened fire, charging the constabulary."

A dispatch received from Captain Jones of the constabulary at Magtaon says that on March 23 Governor Curry, Judge Lobinger and Superintendent of School Hoover arrived there and camped over night near the Pulajanes. The presence of the officials was made known to the rebellious natives and their leader announced that he would surrender his force the next day. As a result of this promise the Americans returned to the town of Magtaon, accompanied by Colonel Aguilare, another Pulajane chief.

The next morning, Saturday, four chiefs of the Pulajanes, with over 100 men and 14 guns, appeared at Magtaon and lined up in front of the constabulary barracks. Between the barracks and the Pulajanes stood the group of American officials.

One of the chiefs expressed a wish that his party be photographed in the act of surrendering and Supt. Hoover in compliance with the request, was adjusting his camera when the Pulajanes leader blew a whistle and gave an order of advance. The entire party of natives thereupon rushed upon the American officials who escaped to the Magtaon river and swam to the opposite bank.

When the treachery of the natives was apparent, the constabulary immediately opened fire and a fierce fight ensued, in which the constabulary gained a decisive victory. The Pulajanes were chased to the mountains, but the pursuers lost more guns than they captured.

### POLITICAL SCHEME BACK OF DELAY

OF THE MINERS AND OPERATORS TO REACH AN EARLY AGREEMENT.

Railroad Interests Realize That at Present They Cannot Afford to Cause a Strike.

Indianapolis, March 25.—That a deep laid political scheme lies back of the so far unexplainable delay of the miners and operators in getting to an agreement as to wages, has come to be one of the prevailing topics about the hotels where representatives of the two sides are stopping.

Counting today the joint scale committee has been in session six days. The members are tired out and many delegates to the miners' convention, residing in nearby states have returned to their homes to await the calling of the joint conference. About the only operators remaining in Indianapolis are the members of the joint scale committee.

That the operators after their two meetings each day since last Tuesday have nothing new to offer which they had not determined on before meeting here is confidently asserted. It is well known that the representatives of great railroad interests among the operators have prevented any settlement so far in face of the fact that F. L. Robbins, president of the Pittsburgh Coal company, who is not tied up with railroad interests has stood ready to make an agreement with the miners at the 1905 wage scale.

From sources close to the inside comes the information that the question of wages is not the real cause of the delay but that the trust forces are in reality seeking to embarrass President Roosevelt.

The people who give the big orders have determined that at all costs Theodore Roosevelt must be put out of the running as a great political factor. The interest shown by the President in the coal situation has been given a chance, if nothing more is possible it is intended to give the President a fortnight or so of worry. At the same source it is stated that the operators have since the matter of wages was first brought up, been determined that there shall be no strike.

In the face of the railroad rate legislation before Congress the wisdom of announcing that Pres. Roosevelt had become interested in preventing a coal strike is now questioned. Robbins who was then head of the operators is said to have been the unconscious tool of the railroads, in suggesting at New York that President John Mitchell of the miners, call up the White House by long distance telephone and ask the President's aid in settling the difficulties. It was the hope of the railroad people to distract public attention from the bills before Congress, and thereby render their passage more uncertain.

The above information comes from very close to the railroad interests in the present conference. On the same authority it can be stated that there will be no strike in the bituminous fields. The railroads realize, it is said, that owing to recent legislation in various states and other anti-railroad measures proposed, they are in no position to take responsibility for a great strike. The issue has been put clearly up to them by Robbins in the joint scale committee.

## RAILWAY AFFAIRS

**Obtained Advances.**  
Trainmen, conductors, engineers and firemen in some cases obtained advances, and telegraph operators were also successful in getting better wages. The minimum on the main line for telegraph operators is now \$5.75 per month, a considerable advance. Branch and other lines are also benefited in this respect.

**To Eliminate Accident.**  
In order that all cars received from other lines shall be up to standard of its own, the Pennsylvania railroad has given notice to connecting lines that after July 1, all foreign cars received by it must be equipped with automatic couplers and with air brake devices. After January of next year still stricter specifications will apply, to the end that accidents may be eliminated as far as possible.

**Secured Concessions.**  
Train and engine crews of the Baltimore & Ohio also secured concessions by their recent conferences with General Manager Fitzgerald. It is stated that where increases were given on the B. & O. they were for specific runs or special cases, where, as on the Pennsylvania certain employees were not receiving the wages to which they were entitled by a fair application of the general scale.

**Notice Posted.**  
A notice has been posted announcing a readjustment of wages of passenger train and engine crews on the Monongahela division, which is also effective on the West Pennsylvania. A general readjustment of wages has been secured through the efforts of committees representing the conductors, brakemen and engineers and firemen in conference with the general manager. By it a large number of the operating men get an increase.

**No General Increase.**  
The B. & O. employees were informed that there will be no general increase of wages this year. The managements of both that road and the Pennsylvania are anxious that the concessions in wages, privileges and other details given as a result of the conferences at Philadelphia and Baltimore be accepted with little talk as possible.

**Pennsylvania Pension System.**  
During the six years' application of the pension plan, 2,700 employees have been retired as pensioners from the active service of the company, of which number 890 have died. Of the total number retired, 688 were between the ages of 65 and 69 years, of whom 546 were retired on their own request with the approval of the employing officer.

Statistics of the Pennsylvania railroad, Pension Department, com-

plished as of December 31, 1905, shows that during the six years of its operation there has been authorized to be paid in pension allowances to the retired employees of the company, the sum of \$2,001,078.59, made up each year as follows: 1905, \$330,000; 1906, \$330,000; 1907, \$330,000; 1908, \$330,000; 1909, \$330,000; 1910, \$330,000; 1911, \$330,000; 1912, \$330,000; 1913, \$330,000; 1914, \$330,000; 1915, \$330,000; 1916, \$330,000; 1917, \$330,000; Governor Cummins, of Iowa, makes a strong and most direct reply to the charges that he had misrepresented the attitude of Senator Elkins as chairman of the interstate commerce committee of the senate, when conducting hearings on the railroad rate bill. Governor Cummins very flatly denies every allegation made by Senator Elkins, and declares that the latter, during his examination of witnesses, appeared to assume the role of an advocate of the railroads rather than an impartial judge. The governor does not mince words in his statement and he produces strong evidence to back up his assertions. He places Senator Elkins in a most unenviable light, and the West Virginia man is doubtless sorry that he stirred up the man from Iowa. The latter, however, is doubtless pleased to have had Elkins attack him, as the controversy will undoubtedly be of much assistance to him in making his canvass for another term as governor.

#### Rube Skate at Palace.

Wednesday, March 28 is the night of the Rube Carnival, the most unique of the several events given at the Palace so far. This is not a masquerade as many are inclined to think, but a real, old-fashioned farmer skate, when everybody will be dressed as Rube, and prizes will be awarded the lady and gentleman wearing the most original and cleverest Rube costume. The prizes will be nickel-plated skates. The hall will be decorated to represent a cornfield, and the band, which will play old-time music. Skating will be from 7 until 11 o'clock. Remember the date, March 28.

#### Hebron Church of Christ.

Meetings at the Hebron Church of Christ are growing in interest and power. Great crowds are attending each night, and sermons of Evangelist E. B. Barnes are listened to with deepening interest and growing conviction. One conversion last night. On Thursday night Evangelist Barnes' sermon on "Hell with the Lid Off" was a powerful and eloquent presentation of the parable of the Rich Man and Lazarus. The realities of Hell were impressed. Then the Evangelist spoke of the reasonableness of the conception. In illustration he made reference to the revelation that men were kidnapping girls in New York City, and compelling them to live lives of shame, that they might make money. The Evangelist declared, "If there is no hell for a man like that some one should invent a hell, and send him there." A glowing contrast was made of the life of Robert J. Ingersoll and D. L. Moody. The former endowed by God with a splendid body, and mighty brain, whose mind was a picture storehouse, and whose lips pronounced words like the music of rippling waves. Yet when men listened to him they felt that they had been robbed and an aching and uncomfortable heart, cries out: It cannot be. The latter could not always speak good English, was uncertain about the rules of grammar and rhetoric, but with a mighty faith in God he blessed the lives of the butchers and drunkards and the world felt when he died a Prince in laced bath fallen. Friday night's sermon, "Why Men are not Christians," was a powerful appeal to men to support the cause of the Gospel, because the church is always on the side of right. Even when sin and hypocrisy have crept into the church the preaching of the Gospel has routed it out. Among other excuses the hypocrisy of men in the church was given as a reason why men are not Christians. The love of Jesus Christ is the only power in the world that better the ideas of men, and lifts them to nobler lives. "A church in a community is better than a regiment of soldiers."

#### GRANVILLE NEWS

Granville, March 26.—A large audience, composed principally of students of Denison University, assembled in Recital hall on Saturday night to hear Chief Justice John A. Shauk deliver his lecture on "International Law." Dr. J. L. Gilpatrick of Denison University, presided at the meeting, and in a few words appropriate to the occasion, introduced Judge Howard Ferris of Cincinnati, of the class of '76, Denison university, who was enthusiastically received. Judge Ferris then introduced the distinguished speaker of the evening, Judge Shauk, who delivered one of the most thorough, interesting and instructive addresses on "International Law" ever written or spoken in this country. The address was a gem and it was the unanimous wish that the Judge would again visit Granville at no distant day and repeat the lecture, which was given under the auspices of the History department of Denison University. At the conclusion of the lecture a reception was tendered the distinguished guests at the Sigma Chi chapter house to about one hundred persons, who were given an opportunity to meet the distinguished guest.

Numerous reports of the depredations committed by dogs among sheep in the western part of the county are being received. Last week does made an onslaught on a flock of sheep belonging to Joseph Good, and killed and crippled eight. Later the dogs killed and crippled eight more sheep. The dogs were tracked toward East.

This is a good time for farmers to get their implements in repair for the spring work, and an excellent opportunity for dairymen to make plans for the early season of butter making. Any one who wants to be busy can generally find enough to do.

If the temperance people of Granville and Ohio are not getting all the legislation they want they can't hold the general assembly responsible. It couldn't very handily turn out any more without working "overtime."

On Sunday morning the choir loft was occupied by the Denison Glee club which furnished the music for the service with great success. The music was of the highest order and was greatly appreciated.

April 1st, All Fools' Day, comes on Sunday. We hope April will be able to give the glad hand to old Mother

Earth in place of the key mitt that March has persistently extended.

On Wednesday evening the ladies of the Baptist church will give a social in the church parlors in honor of the Student Volunteers and the students for the ministry.

Quite a number of Granville people attended "Babes in Toyland" at the Auditorium Saturday afternoon and evening.

Judson Evans spent Sunday with relatives in Alexandria.

Miss Minnie Wilson, a charming young lady of Cleveland, who has been visiting here for a few days, returned home on Monday.

Mr. Frank Sampson, who is one of the best posted men in the village on the growth of the town, and who knows the name of every owner of property in the village, says that in 1841 there were only 140 houses in the town, while there are now 340.

### WARDEN WOULD ASSIST PRISONERS TO KEEP SECRET

Columbus, March 26.—Warden Orin B. Gould of the Ohio Penitentiary, when asked his reason for refusing pictures of men leaving the prison to the newspapers, said:

"This is supposed to be a reformatory institution and I am making every effort to make it such. I do not believe that, in advertising that any man, who may have a desire to lead a good life after leaving the prison, is going here, there or yonder and giving his picture to the world that the fact that he has been in prison may be known to all men, assist him in any desire he may have for reformation."

"Another thing is that many men have been punished for their crimes under assumed names, their friends being in ignorance of the fact that they have been in prison, and to give their pictures to the press would not only injure the men but would also cause needless pain to innocent people."

"I am perfectly willing to give out pictures of habitual criminals for whom there is no hope of reformation, or of escaped prisoners, but I do not believe it right to handicap a man of possible good intentions by having his picture printed in the daily papers."

#### WEDDINGS.

**THOMAS-VOORHES.**

### DAVID B. HILL

In Serious Condition, Physically and Mentally—Believed to be Permanently Out of Politics.

Albany, N. Y., March 26.—"David B. Hill has made his last fight for the Democratic party in this state," said a prominent minority member of the Legislature in the Ten Eyck hotel here. "From what I know and learn regarding Hill's condition," he continued, "I am convinced that there is little to be hoped for in his case. He is a broken man, physically."

Here the friend of the former Governor paused a moment and then lowering his voice to a whisper, he added: "What gives even more concern to his friends is the fear that his once great mind is sharing in part at least, the wreck of his bodily health."

Talk among Hill's Democratic friends in this city in the last few days has been along the lines of the above expressed opinion, but the reports as to his mental condition have been more demure in character than the hint thrown out by the legislator. It is said that before Hill left this city for South Carolina, friends who visited him were shocked by the change they found in him. A spirit of despondency had overtaken him, due no doubt, to ill-health, but what was observed with greater astonishment was Hill's lapse of interest in the political situation. Only now and again would the former governor's eye kindle under the stimulus of a remark about his past activities as a Democratic leader.

#### NOT SICK AT ALL.

Camden, S. C., March 26.—Former Senator David B. Hill, of New York, who has been here for several weeks, has gained health so rapidly that he no longer goes to Columbia to consult a physician and has no medical attendant here.

He had some throat affection, but it was never considered serious, and he has never been sick enough to be confined to the house.

Mr. Hill seems to enjoy his stay here and is frequently seen walking or riding or watching the polo and golf games.

The manager of the hotel here declares he has never been ill here, and Mr. Hill's appearance does not indicate that there is anything serious the matter with him. He expects to remain until warm weather.

#### Ill-Fated Ship.

St. Johns, N. F., March 26.—After being in peril from fire at sea and managing by desperate efforts to reach this port in the midst of a gale and blinding snowstorm, the British freight steamer Titian struck a submerged rock in entering the harbor, had a hole torn in her hull, and now lies fast on the beach, where she was put to prevent sinking. The fire in the midship hold is still burning fiercely. The Titian is in no serious danger on the beach, but it is probable that before the fire can be extinguished the midship hold will have to be flooded. It is believed that the greater portion of the cargo has either been burned or ruined by water.

### BLUE CROSS AGENT HERE

RUSSIA'S NATIONAL CHARITY IS EARNING ITS OWN INCOME.

Half the Money Raised in America Goes to the Aid of Jewish Orphaned Children.

New York, March 26.—To extend to the United States the operations of Russia's national charity, the Blue Cross is the mission that has brought Boris Klebanoff to New York.

Mr. Klebanoff today, turning over the report for 1905, showed that the organization had disbursed more than a quarter of a million dollars last year; that it owns real estate worth several millions, conducts 44 institutions for the care of children, has more than five thousand orphans under its care and gives free education or other assistance to more than two hundred thousand others.

"I must confess my surprise," said Mr. Klebanoff, "that here in New York the Blue Cross is not better known. Many whom I have met incline to think our organization an imitation of the Red Cross. As red is the color of war so blue is the color of innocence."

"The Blue Cross takes care of children from infancy to their twelfth year. It makes no distinctions of creed, race or nationality."

"The Blue Cross carries on its work of beneficence without the direct asking of alms. Of course, we receive many bequests and donations. But of the half million roubles spent last year hardly ten per cent came from donations."

"In every railroad car in Russia you will find portfolios hanging in which are placed show cards and a combination magazine and railway guide. These belong to the society, which distributes the cards and issues the magazine. Advertising in these magazines is much sought."

"Then in every city the society has effected arrangements with the merchants whereby trade discounts are allowed to purchasers presenting one of the Blue Cross Books. These books are filled with the advertisements of the firms giving the discounts, and the society thus makes a large income."

"My work abroad has been concerned with the commercial operations of the society and it is to introduce them here that I was commissioned as special representative in America. One-half of the funds raised in America will be devoted for the aid of Jewish children orphaned by the recent riots."

### NEWARK GUESTS

At the Wedding of Miss Virginia Knox Daughter of the Late Mr. and Mrs. Archie Knox.

Columbus, March 26.—After the marriage of Mr. Stanton Prentiss and Miss Virginia Knox, which will take place next Thursday evening at seven o'clock at the Broad Street Presbyterian church, the young couple will leave for a wedding trip, to be absent during the month of April. On their return they will live at Arlington.

Miss Genevieve Wilson, the cousin of the bride-elect, who is to be maid of honor at the wedding, entertained in the French room of the Cliftenden Saturday evening with a dinner for the wedding party, who were guests earlier in the day at a luncheon given by Mrs. W. F. Burdell.

Mr. E. K. Stewart, Jr., gave a box party at the Great Southern on the evening of Tuesday, March 20, followed by a supper for Miss Knox and Mr. Prentiss.

Miss Ruth Church entertained Thursday evening with a dinner at her home for the wedding party. At Mrs. F. W. Prentiss's luncheon Thursday, covers were laid for ten. Mrs. William Bell and Mrs. James H. Kennedy of Newark, Mr. and Mrs. A. J. Wilson, Mr. and Mrs. Ray K. Smith of Utica, will be among the out-of-town guests at the wedding.

### The Cause of Many Sudden Deaths.

There is a disease prevailing in this country most dangerous because so deceptive. Many sudden deaths are caused by it—heart disease, pneumonia, heart failure or apoplexy are often the result of kidney disease. If kidney trouble is allowed to advance the kidney-poisoned blood will attack the vital organs or the kidneys themselves break down and waste away cell by cell.

Bladder troubles must always result from a derangement of the kidneys and a cure is obtained quickest by a proper treatment of the kidneys. If you are feeling badly you can make no mistake by taking Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy.

It corrects inability to hold urine and scalding pain in passing it, and overcomes that unpleasant necessity of being compelled to go often during the night. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases.

Swamp-Root is pleasant to take and sold by all druggists in fifty-cent and one-dollar sized bottles. You may have a sample bottle of this wonderful new discovery and a book that tells all about it, both of Swamp-Root, sent free by mail, Address Dr. Kilmer & Co., Binghamton, N. Y. When writing mention reading this generous offer in this paper.

Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

## ARGUMENTS BEGIN IN FREINER CASE

ASSISTANT PROSECUTOR FULTON OPENED THE CASE FOR THE STATE

Followed by Robbins Hunter, Phil B. Smythe and Judge Hunter for the defense.

When court convened Monday morning to hear the arguments in the Freiner murder case, the room was crowded with listeners, as has been the case since the beginning of the trial, which is to decide the fate of young Freiner. People began to fill the seats long before 9 o'clock.

The defendant took his seat beside his attorney, and in company with his mother and brother, looking bright and cheerful.

The court stated that no limitation would be placed on the time of the arguments, and that the charge would be delivered to the jury in writing.

Attorney T. B. Fulton began the argument of the case for the prosecution, at 9:00, with definitions of first degree murder and manslaughter. He stated that in this case the fact remaining to be considered was whether or not there was deliberation or premeditation. After further citations of law bearing on the case Mr. Fulton said in part:

"Gentlemen of the jury, the vital transactions of this case do not occupy a great amount of time.

"Now what are the facts? The evidence is unquestioned that Thomas Osborne, Clyde Osborne, Otis Smith, Mabel Howard and the defendant, were in the house of Lizzie Rogers, at 145 Railroad street, on the evening of April 24.

"Now, it is sought by the defense to show that Thomas Osborne was drunk; that he was there, at that place, in the afternoon. This is positively denied by Clyde Osborne and Conney Nagele. (The latter the bar-keeper in the saloon near the crime.)

"Wesley Groves and Lee were the only ones who spoke of any difficulty with Osborne. It is true that Wesley Groves said that Osborne drew up to strike him, but it was not said by him, what was done or said to Osborne to provoke that assault. When asked what was said, he answered, 'I don't know. I can't remember.'

"The testimony shows that Osborne, Harry Freiner, and the girl Mabel Howard, were alone in a room of that house for several minutes; that the girl started over to the side of the room where Freiner sat, and said that she was going to the depot and wanted to call a hack. Freiner said, no, that he was carrying the mail and that he would go down with her; that at this time the other men called to Osborne, 'Come on Tom, let's go home,' and immediately went out the front door, and a short time after, (the exact time cannot be learned) Freiner and the girl went out the side door."

At this point Attorney Fulton read the testimony of Mabel Howard and Clyde Osborne, relating to the details of the shooting.

"Now, gentlemen, this is the evidence of the testimony of eye witnesses. If this occurred, then what is the crime committed? Then, according to all the testimony, and the testimony of the defendant himself, it is shown that when at least 25 feet away from the three, as this apple or stone passed him, when it stopped, he stopped, and turning started back with the remark, 'If those — are looking for trouble, I'll give them all they want,' stopped right there, where, according to his own testimony, he believed he was in the midst of danger." This point was brought out by the attorney, evidently to show deliberation.

"The next person who saw Freiner besides his parents, are the four police officers." He read to the jury a part of the testimony of the officers, which was contradicted by witnesses for the defense, and from the testimony of these officers spoke of the conversation supposed to have taken place during and immediately after the arrest.

The testimony of the defense's witness, Tracy, was next taken up. It was brought out by the attorney that Tracy had said nothing of the crime until after coming from the jail where he had been imprisoned at the same time as Freiner.

The testimony of the prisoner himself was not taken up, and considered in detail in comparison with that of the state's witnesses, and the police officers.

After disposing of the jury with the weight of their duty, at just 10:30, Attorney Fulton closed his argument.

Attorney Robbins Hunter, for the defense, requested that certain additional charges which were read to the court be submitted to the jury.

In the first part of his argument, Attorney Hunter referred to the character of the witnesses of the defense, and the attempt of the prosecution to impeach these witnesses. He spoke in particular of the right of self-defense, the basis of the defense in the case.

Further, he called the attention of the jury to the fact that a sentiment existed between Lizzie Hardy and Thomas Osborne, and that Osborne had been drinking on the night of the crime and was in a dangerous mood,

having created trouble with Wesley Groves, for the reason that the Hardy girl simply wanted to speak with him.

At this juncture, court was adjourned for noon, after which Mr. Hunter continued his argument, stating that there was according to evidence, a conspiracy existing between the three men, against Freiner. As one point in this connection, the attorney brought out the fact that the three had said that they were going home, but instead waited in front of the house, where they were found standing when Freiner and the girl came out in front of the house.

A part of the prisoner's testimony on direct examination, containing the statement of the shooting, was read, and followed briefly with a reading of the testimony of the witness Tracy, who claimed to have been an eye witness to the tragedy.

"In conclusion I will say, that on account of these circumstances as introduced in the evidence, this defendant is not guilty of any crime or any act against the statute." With these closing remarks, Attorney Robbins Hunter took his seat.

Attorney P. B. Smythe began his argument of the case for the defense at just 1:25.

In the beginning Attorney Smythe, in eloquent terms, spoke of the character of the prisoner as referred to in the testimony, and to the duty of the jury in considering the relationship of the defendant's character to the liability to commit a murder, unprovoked.

"It is not a question for the jury to decide, whether or not danger existed, but whether or not the defendant honestly believed there was danger," continued Mr. Smythe.

"The old rule of the law, that it is the honest belief of the defendant himself, whether or not danger really exists, must prevail."

In speaking of the testimony of the woman Mabel Howard, Attorney Smythe referred to the irresponsibility of the Howard woman's testimony. He brought out distinctly, the fact that Osborne was a lover of the Hardy (Howard) woman and that for that reason, her testimony against Freiner was unexpectedly given, and for the purpose of revenge. In referring to the testimony of Hon. John Freiner, concerning the bribery charge, he stated that one reason why he would have no object in such an act, was the fact that they were satisfied that her testimony could not be truthful, other than the facts.

Another point scored by the defense against the statement of Attorney Fulton that Freiner was probably trying to display bravery to the girl when he stopped and waited for the three, Attorney Phil Smythe in speaking of this act, called attention to the fact that before this Freiner told the girl that he believed they were watching them and that they (himself and the girl) had better go the other way.

"Now, gentlemen of the jury, if these things are true," continued the attorney, "I maintain that he had a right to shoot Tom Osborne, and kill him, if he believed his life was in danger. Put yourself in his place, a 17 year old boy in danger, in this end of town, and consider whether or not he was right in protecting himself."

The testimony of the police officers was spoken of, in which three different statements claimed by the officers to have been made to each of them at the time of the arrest of Freiner, were read, each of the three officers making a different statement of what he said.

The matter of attempting the impeachment of the witness Tracy was taken up, and impeaching witnesses referred to.

"From all of the circumstances of this case do you believe that Freiner attempted to kill? Why, he didn't even know until long after, that he had struck Osborne."

### The Pure Food Roll of Honor.

## AGENT FORGED PROOFS OF DEATH

AND BY THIS MEANS IS SAID TO HAVE SECURED THOUSANDS OF DOLLARS.

Parkersburg, W. Va., Representative of the Equitable Life, in Jail in Default of Bail.

Parkersburg, W. Va., March 26—S. G. Duckworth, the Parkersburg agent of the Equitable Life Assurance Society, is in jail here on a charge of larceny, having been arrested on a warrant sworn out by Thomas C. Caskin, a special representative of the company. He was held in \$10,000 bail, which he was unable to give.

Two civil suits were filed against the prisoner by the Equitable Life Assurance Society, each alleging that he had secured \$5,000 from their company by fraudulent means, and seeking judgment for that amount.

The story of Duckworth's alleged transactions reads like the work of a master of high finance, and gave rise to the remark here that all the stealing is not done in the home office of life insurance companies.

Duckworth's plan, as charged by the prosecuting corporation, was to secure the payment to himself of the amounts called for by policies which he caused to be issued to fictitious persons and whose death was certified by fictitious persons.

While but two suits have been brought against him, it is said that many more suits of a similar nature are being worked up by the company, and while none of the parties to the case is willing to make an estimate of the real amount of payments made on alleged fictitious deaths, it is variously estimated by others at from \$50,000 to \$75,000.

## TEN MILLION FOR BIG BATTLE SHIP

WHICH WILL ECLIPSE ANYTHING AFOAT IN SIZE, SPEED, AND ARMAMENT.

Will Likely be asked from Congress. Tentative Plans Have Already Been Prepared.

Washington, March 26—President Roosevelt had a talk with Chief Constructor Capps Saturday on the subject of building an American battleship that would eclipse every warship afloat in matter of tonnage, size of guns, speed and general efficient sea strength. The President told Chief Constructor Capps that he was deeply interested in the news of the Dreadnaught, the new British battleship, and that he did not want the American navy to be outdone in the construction of powerful warships.

It is likely that as a result of their conversation Congress will be asked to build a monster battleship that will exceed the mighty Dreadnaught. Tentative plans have already been prepared at the Navy Department for such a craft. She will have a displacement of at least 19,500 tons and probably 20,000.

The plans call for 12 twelve-inch guns, against 10 of this caliber for the Dreadnaught. The speed of this ship will be 22 knots, against 21 for the Dreadnaught.

It is estimated that the craft will cost about \$19,000,000. This is twice the cost of the battleship Oregon, but it is believed that the proposed monster could whip three Oregons. The hull and machinery will cost \$5,500,000, which is nearly \$2,000,000 more than the rest of the hull and machinery of the Connecticut type.

The most powerful of Germany's new battleships have a speed of only 18 knots, and guns of 12 and 11 inches. The superior speed of the proposed American battleship would enable it to keep out of the range of the German vessel and destroy it at leisure with the giant twelve-inch guns.

One constructor believes they have solved the mystery of the arrangement of the batteries of the Dreadnaught by which she gets a direct forward fire of six twelve-inch guns.

It is understood that they are arranged on a triangle on two decks. By adopting the same form for both the bow and the stern of the American battleship the craft would have a forward fire of six twelve-inch guns and the same number aft. The British ship has a broadside fire of six guns of this type, while the proposed American ship would have eight.

There is a feeling in Congress favorable to the notion of a huge battleship, and it is asserted that Chairman Foss has given his tacit approval to the type of vessel here described. If the vessel is authorized it will be called the Constitution.

Groom-to-be Entertains. Mr. Ralph Wyeth entertained a few friends Sunday with a stag breakfast at his home on Granville street. The guests who enjoyed Mr. Wyeth's hospitality were Messrs. Sam Brown, Charles Flory, Ed Miller, Lee Wyeth, James Cooper of McComb and Ralph Wyeth. Mr. James Cooper entertained the same party at an elaborate dinner at the Jackson hotel Sunday evening.

None Had Brains. Among the many amusing incidents which occur on market, one of the most amusing occurred last Saturday. A lady with the usual umbrella, which she wielded with the usual effect, stopped at all of the three meat stands on the south side of West Main street, and inquired of each in a meek, but meaning voice: "Have you any brains?" Strange to say the man in charge of each stand replied with all seriousness, "No, ma'am, no brains."

Miss Hill Entertains. Miss Rosa Hill entertained with a St. Patrick party, Friday, March 16th. Progressive pedro was played until 11 o'clock, when a good old Irish lunch was served to the following guests: Dr. and Mrs. F. M. O'Hara, Mr. and Mrs. R. W. Scheffer, Mrs. John Maurer, Mrs. Lydia Dickinson, Misses Molly Chambers, Stella Bierman, Rosa Hill, Messrs. James Scott, Albert Bierman and Will Scheffer. The first prizes were awarded to Mrs. Scheffer and Albert Bierman, the consolation prizes to Molly Chambers and Stella Bierman.

A Surprise Party. On Thursday evening a number of self-invited guests called unexpectedly and surprised Mr. and Mrs. John Maurer of Boylston avenue. During the evening progressive pedro was played and an enjoyable time had until a late hour, when all partook of a dainty repast. Those present were Mr. and Mrs. R. W. Scheffer, Mr. and Mrs. Henry Arensburg, Mr. and Mrs. John Maurer, Mrs. A. J. Bierman, Misses Rosa Hill, Molly Chambers, Stella Bierman, Messrs. Albert Bierman and John Arensburg. The first

prizes were awarded to Stella and Albert Bierman, while Mr. Scheffer and Mrs. Hill carried off the consolation prizes.

Don't Bother Sparrows. The sparrows were not minded the snow a little bit, but the robins have lost their air of blithe assurance that springtime has come.

To Clear Sidewalks. An order was issued by Mayor McCleary this afternoon, instructing the Board of Public Service to at once clear all streets, alleys and sidewalks of all obstructions such as store boxes, etc.

Gave a Shower. The members of the Review Club gave a package shower to Miss Webb Saturday afternoon at their meeting at the home of Mrs. W. M. Baldwin, for the children's nursery, on East Main street.

Prof. Zenblin's Lecture. Prof. Zenblin will give his last lecture on "The City of the Future" at Taylor Hall Tuesday evening, March 28. All interested are invited to attend, whether they have tickets or not. No admission is charged.

Modern Woodmen. All members of Cedar Camp No. 1727, M. W. of A., are urgently requested to be at the meeting March 28, as business of importance that will interest every Woodman will be discussed. After the business for the good of the order, a lunch will be served. 25-2t

Seemore More Room. Fred C. Evans has leased the Thomas room adjoining his office on West Main street in order to provide more room for his plumbing business and is now storing goods in the basement. Mr. Evans has sublet the first floor to Mr. Putnam and Mr. Fuch for the present year.

Art Reception. Mrs. Lucila Gurney Rauch a former art teacher in Granville college, who has been traveling for several years, will hold an art reception at the home of Mrs. A. H. Rickett. Any one interested in art will be welcome to call and see her collection of water colors, Wednesday, Thursday and Friday afternoons and evening.

Lost His Hand. Edward Wildman, who resides on Gay street, a yard brakeman in the B. & O. yards, this city, had his left hand badly mangled on Monday afternoon while making a coupling. Long & McCament's Red Cross ambulance conveyed him to the West Main street Sanitarium, where it was found necessary to amputate the hand. Drs. Barnes and Shirer were the attending physicians.

Meet me at the Crescent in the Moonlight Tuesday evening.

## BATTLE

WITH CLARS AND KNIVES WAGED FIERCELY ON SUNDAY MORNING

In the Streets of Fairmount, While Hundreds Look On and Nobody Interferes.

Fairmount, W. Va., March 26.—In a bloody feud which broke out Sunday between the Boyce and Heston families on one side and the Whitting family on the other, Isaac Boyce, aged 65, was so seriously injured that he cannot live, while George Heston had his skull fractured and is also probably fatally injured. Clinton, John, Ed and Joseph Wilfong and Thomas, Samuel, Gail and Worley Boyce are also seriously wounded.

The feud arose over differences between the Wilfong and Boyce boys at school. Sunday the fathers, Isaac Boyce and Clinton Wilfong, met in the latter's field and immediately engaged in a desperate fight. Wilfong was getting the worst of it when he was joined by his sons, John, Ed and Joseph, and in a few minutes Boyce was carried to his home in a dying condition. His ribs are crushed in and his head pounded to pulp.

Later the four other members of the Boyce family, reinforced by the Hestons, met the Wilfongs and their friends in the open street, and for half an hour a sanguinary battle ensued with clubs and knives. No one interfered, and when the melee was over half a dozen forms lay stretched in the street. Among them was George Heston, whose skull was fractured. The fight was witnessed by hundreds of spectators. Warrants were issued and the participants in the feud who are able to leave home will be arrested.

Bissell at Decatur. Outrigger W. P. Bissell who was one of Newark's mainstays in the outfield last season, is on the list of Decatur of the Three League. He will report April 1 if his health permits.

## NEARBY TOWNS

Death ended the sufferings of Mrs. Caroline B. Applegate at her home on South Fifth street, Zanesville, on Saturday morning at 9 o'clock. The deceased has been confined to her home for the past three years, suffering from a complication of diseases, which were the cause of her death. She was 49 years of age.

After being ill for the past several months, John S. Gibbons, aged 70 years, one of the most highly respected merchants in the vicinity of Newark died at the family home Sunday morning at 7:30 o'clock of heart trouble.

After being ill for some time past, but not seriously, with heart trouble, Mrs. Richard A. Engle, wife of James Engle of 216 East Elm street, Zanesville, dropped dead Saturday night at 9:30 o'clock at her home. The deceased was 63 years of age and had just finished her household duties for the evening. She died before help could be summoned.

## SCENE AT ST. SERVAN, WHERE MILITARY DECLINED TO ACT IN INVENTORY.

M. Héry Refusing to Take Inventory

Paris, March 26.—At Rennes this week a court martial was held in the case of the officers who refused to assist in taking an inventory of St. Servan. General Calvo presided, and the court was composed of the officers of the garrison of St. Servan. Major Héry was condemned to one month in prison by a vote of 4 to 2, and Captains Langavant and Spital to one day in prison by a vote of 4 to 3. Later, by a unanimous vote it was decided

to suspend sentence, applying the "first offender's act."

In the Chamber of Deputies in the afternoon M. Etienne, former Minister of War, protested against the lightness of this sentence.

Major Héry and Captains Langavant and Spital were placed on waiting orders by the Cabinet Council, and the other officers of the same regiment were transferred to other places. Only the minor officers and the soldiers will

remain in St. Servan. Local authorities throughout France have been ordered to apply to the military in their respective towns when they need assistance in carrying out the Separation law.

M. Briant, Minister of Public Instruction, asked that prefects be instructed to send to the Cabinet the names of those clergy who accept the Separation law by applying for the pension granted by the act.

## SHORTHORN MEMORIES

By the Oldest Living Shorthorn Breeder in Licking County, Hon. J. H. Montgomery.

In order to make this article intelligible and keep in line with my former sketch, it will be necessary to refer to some of the importations mentioned in my last sketch, and more especially to the Duchess tribe of the noted Thomas Bates breedings.

The first of this family imported into the United States was the Duke of Gloster and Duchess 56th by Morris & Bear, of New York in 1853. After the death of Bear, Samuel Thorn bought their herd. He imported 59th and 68th Duchess, also Grand Duke. This herd was sold to Sheldon of Geneva, and by him to S. Campbell of Oneida, N. Y.

Robert Alexander was an Englishman and owned an estate in England, emigrated to the United States and settled in Kentucky. With him he brought the Duchess of Athel and the Duke of Adrie.

The Duchess or females of this family, were held in (trust) combine by the above mentioned parties until the great sale of S. Campbell at York Mills in the fall of 1875. Lord Beehive was there in person and Pavin Davis had sent, an agent—they had made an arrangement to take back the majority of this Duchess family to England. The writer of this sketch attended this sale. I asked Lord Beehive why they held this family in such pre-eminence, and he answered that there was such a concentration of excellence in their blood that no other bulls made such an impression on their females as the Duke bulls.

Shorthorn sales—Competition between England and United States.

A combination had been formed by Kentucky breeders with a capital of \$60,000. The stockholders were George and Edwin Bedford, Vannoy & Runnick, and Brodhead as At-

lenders agent. These men expected to take the majority of the Duchess family to Kentucky.

After the first Duchess was sold the combination was broken. They said the price was too high for their plans.

Alexander's agent bought two heifers, one yearling for \$18,000 and a two year old for \$28,000. Pavin Davis' agent bid 8th Duchess of Geneva at \$40,000. While bidding and when he had run her up to some \$30,000 he asked the auctioneer how many pounds that made. The crowd laughed, and clapping their hands told him to go with the dollars, and he became excited, bidding her up to the figure mentioned above. Mr. Davis on receiving a telegram of the price paid, answered not to take her. Afterwards she was sold for \$30,000. Lord Beehive bought the 10th Duchess of Geneva for \$35,000. The record of this cow shows that she lived and bred until 17 years old. She and her offspring sold for \$300,000, a record unparalleled in the history of shorthorns.

Another shorthorn sale was that of Daniel McMillin at Xenia, Ohio, in 1870. I will give the price paid for a few of the most noted ones: Mignonette \$33,650, Louisa 21st \$3,600, a two year old Louden for \$3,200. These were noted animals in the show ring. Prices at this sale ran from \$300 up.

In 1884 occurred the sale of J. C. Hamilton of Kentucky (now deceased), which my son, Wesley, and I attended. The prices of females ran from \$200 up to \$6,200, the last for an Adrie Duchess of the Alexandria kind, bought by Farmer & Boman of Virginia. They also bought the 2d Duke of Kent for which they paid \$6,100, the same of the Kirklevington family originated by Thomas Bates. A better bull I never saw. The Barrington females also of Bates breeding sold for \$3,000 and up. My son, Wesley, bid on a heifer calf four months old for \$1,400—her sire was the \$6,100 bull. Dan Barrington also sold for \$3,300.

Early breeders of Ohio and Ken-

tucky and exhibitors at fairs. There was quite a strife between Kentucky and Ohio shorthorn breeders at the Ohio state fairs. Their names were as follows: Kentucky—George and Edwin Bedford, Abran, Runnick, Wm. Warfield, T. Moberly, and the Shropshires. Also the breeding of J. Duncan and Alexander. These breeders were to compete with the following Ohio breeders, Runicks, Trimble, R. R. Seymour, Daniel McMillin, James and Henry Kirk, Colters, Jesse Hagler, David Selsor, Robert Dun, Hill & Jones, O. H. Wood, J. M. Black, George Hagerty and John Montgomery, the writer of this article. The last four named were Licking county breeders. All of these shorthorn breeders have passed the way of all the earth except the writer of this, who is now in his 81st year. I have always had a liking for fine cattle. I fed four high grade shorthorn steers until they were past four years old and when they were sold in February, 1884, weighed on an average 2,600. I commenced shorthorn breeding in 1851. I made a purchase of eight females from the noted herd of D. McMillin, of Xenia, Ohio, in 1869, the choice of his herd, except two he reserved, for which I paid \$7,500.

Exhibit of Shorthorns at state fair. My first exhibit was at Springfield, Ohio, in 1870, where there were the most shorthorns I ever saw at any state fair. I have attended all with the exception of one of the state fairs of Ohio.

For twenty-one years I exhibited shorthorns at different points in Ohio. The exhibitors at this Springfield fair of 1870 were as follows: From Kentucky—Abner Renick, George and Edwin Bedford, Wm. Warfield and the Shropshires, from Ohio—H. H. Han-Elas, David Selsor, Robert Dun, the Colters and John Montgomery. There were others; that I fail to recollect. There were 23 aged cows in the ring. Wm. Warfield's London Duchess took first and John Montgomery's Fanny Forester took the second premium. The balance of the show was immense. My female show was good, made not so good.

I had made arrangements with Mr. Reber and Mr. Chany of Lancaster, Ohio, to go to England in search of some shorthorns to replenish my herd, but concluded to first visit Samuel Campbell's herd at Oneida, N. Y. Here I purchased the 3d Duke of Oneida (yet a calf five months old) for \$5,000, his dam, 10th Duchess of Geneva, the \$35,000 cow. I also bought a cow and heifer for which I paid \$2,500.

The purchase of this bull proved to be very profitable. I had never sold any young bulls before for more than \$200. I never sold one of his get for less than \$100 up to \$800. Cows came from different parts of the state to be bred at \$100. Dave Selsor bred 12 in one year. He sold one of his get for \$1,500. I used this bull for four years, then sold him to Ware & McGowan of Kentucky for \$12,500. After using him for two years they sold him to Hon. Cochran of Canada, to use on his Duchess. I saw at the Bow Park herd in Canada three Duchess of his get and they were grand.

I will now give you him for two feet of the 3d Duke of Oneida's get at my place and which I put on exhibi-

tion at the state fair in 1876 on the old state fair grounds east of the city of Columbus. At the head of my herd was the 15th Duke of Granville; cows, 4th Louan of Granville, 9th and 10th Louan of Granville, and 1st Duchess of Granville. The last three heifers and the 15th Duke of Granville were the get of 3d Duke of Oneida. The 15th Duke of Granville was awarded first premium in his class, first in sweetstake, also first in the prize herd. The 15th Duke was one of the most noted show bulls in Ohio, taking 32 first premiums before six years old. The 9th Louan of Granville, first in her class, sweetstake over all and in the prize herd. In closing this sketch I will mention some of the high prices of shorthorn bulls. The Duke of Connaught sold in England for \$22,000, the 13th Duke of Thordale for \$17,500 to Bedford of Kentucky, the 3d Duke of Oneida for \$12,500, the 2d Duke of Oneida for \$12,000.

This closes my history of shorthorns. I have condensed these articles so as not to be tedious. I trust that, especially farmers who raise cattle, will be benefited by these sketches.

Yours truly,  
JOHN H. MONTGOMERY,  
Granville, O., March 22, 1906.

## IN THE PINE WOODS

A Noted Specialist and His Camp for Consumptives.

In the pine forests of Maine, in the northeastern quarter, Dr. Leach, a famous specialist in consumption and kidney troubles, has a camp in the deep pine woods. With the oil of the white pine trees he is effecting cures that are attracting the attention of the world, and are so certain that a relapse is almost unknown. Patients so ill that they had to be carried into the pine woods on a litter have come out in a few months completely cured.

A well known local physician who is familiar with Dr. Leach's treatment says it is just as efficient in the home of the patient as it is in the pure woods.

It has a peculiar healing power over affections of the throat, lungs and bronchial tubes, will break up a cold in twenty-four hours and will cure any cough that is curable.

The treatment is very simple, consisting of the Pure Virgin Oil of Pine mixed with Whisky and Glycerine in the following proportions:  
Virgin Oil of Pine (Pure) . . . 1-2 ounce  
Glycerine . . . . . 2 ounces  
Good Whisky . . . . . 8 ounces  
Shake well and use in teaspoonful doses every four hours.

The ingredients can be secured from any good prescription druggist at small cost.

Inquiry at the prescription department of one of the leading druggists elicited the information that the Pure Virgin Oil of Pine is put up only in one-half ounce vials for dispensing. Each vial is securely sealed in a round wooden case, with engraved wrapper showing the name—"Virgin Oil of Pine (Pure)" plainly printed thereon. Only the cheaper oils are sold in bulk, but these create nausea and never effect the desired results.

I'll be in the moonlight Tuesday evening. "Meet me at the Crescent."

## A White Night.

Did you read in "the paper" the other evening about the doings the Reds are going to have at the Y. M. C. A. building Thursday night, March 29th? It sounds all right, don't it? Now this is the last week of the membership contest and the Whites are going to show the people that the Reds and Blues are not in it when it comes to showing the boys of Newark a good time.

On Thursday night, March 29, from 7:30 to 10 the Whites will entertain everybody at the Y. M. C. A. building. Don't forget that everybody is invited and every White is expected to be present and bring a prospective member with him and be prepared to help entertain. We will have music until you can't rest, and there will be a short address and other things to numerous to mention. Come and have a good time with us. We will do the good.

KATE S. KUMLER,  
Captain of the Whites.

**Sore Throat Wisdom**  
If every mother could realize the real danger that lurks behind every case of sore throat, she wouldn't rest until she had effected a cure every time a child has it.

Your family physician will verify the statement that it is a positive fact that every child with sore throat is in immediate danger of contracting Croup, Quinsy, Tonsillitis, Diphtheria, and is threatened with danger until the throat is cured. Tonsiline.

Liniments or outward application of medicines do not cure the ailment, though they may offer temporary relief. Neither can you cure sore throat with a cough syrup or a cold cure.

To cure, you must act at the seat of the disease, removing the cause. Nothing does so quickly, safely and surely as TONSILINE. A single dose of TONSILINE taken upon the first appearance of sore throat may save long weeks of sickness, great expense, worry, even death. TONSILINE is the stick in time.

Use a little more common wisdom and buy a bottle of TONSILINE today. You may need it tomorrow.

TONSILINE is the standard sore throat remedy—best known and most effective and most used. Look for the long necked fellow on the 25 or 50 cent sized bottle when you go to the drug store to get it.

## DAY'S BUSINESS IN COURT HOUSE

Frank McFadden has commenced suit in the Common Pleas court against Peter H. Barber, administrator of the estate of Harvey J. Pierson, deceased. The plaintiff sets up four causes of action:

First, that Harvey J. Pierson made his home at plaintiff's house from December 1, 1899 to February 27, 1904, during all of which time plaintiff furnished him looking, boarding, washing, care and attention, for all of which Pierson promised to pay plaintiff, which he says was reasonably worth \$10 per week, in all \$2,800, for which he asks judgment with interest.

Second, That on December 1, 1899, Harvey J. Pierson employed the plaintiff to take charge of a farm in McKean township, to feed and care for his stock. That Pierson paid him \$75, and that there is still owing him \$350, for which he asks judgment together with interest from Feb. 27, 1904.

Third, That Pierson also owes him \$8 for a certain service rendered, for which he asks judgment, together with interest from June 16, 1900.

Fourth, That Pierson also owes him \$8 for another service rendered on July 18, 1902, for which he asks judgment with interest.

Smythe & Smythe, attorneys for the plaintiff.

## Disturbed Religious Meetings.

## Tumors Conquered Without Operations

Unqualified Success of Lydia E. Pinkham's Vegetable Compound in Cases of Mrs. Fox and Miss Adams.

One of the greatest triumphs of Lydia E. Pinkham's Vegetable Compound is the conquering of woman's dread enemy, Tumor.

So-called "wandering pains" may come from its early stages, or the presence of danger may be made manifest by excessive monthly periods accompanied by unusual pain extending from the abdomen through the groin and thighs.

If you have mysterious pains, if there are indications of inflammation, ulceration or displacement, don't wait for time to confirm your fears and go through the horrors of a hospital operation; secure Lydia E. Pinkham's Vegetable Compound at once and begin its use and write Mrs. Pinkham of Lynn, Mass., for advice.

Read these strong letters from grateful women who have been cured:

Dear Mrs. Pinkham—(First Letter.)

"In looking over your book I see that your medicine cures Tumors. I have been to a doctor and he tells me I have a tumor. I will be more than grateful if you can help me as I do so dread an operation."—Fannie D. Fox, Bradford, Pa.

Dear Mrs. Pinkham—(Second Letter.)

"Eighteen months ago my periods stopped. Shortly after I felt so badly I submitted to a thorough examination by a physician, and was told that I had a tumor and would have to undergo an operation. I soon after read one of your advertisements and decided to give Lydia E. Pinkham's Vegetable Compound a trial. After taking five bottles, the tumor disappeared, and I am now perfectly well. I have again been examined and the tumor has disappeared without an operation, and using no medicine but Lydia E. Pinkham's Vegetable Compound, and words fail to express how grateful I am for the good it has done me."—Miss Lucella Adams, Colorado Hotel, Seattle, Wash.

Such unquestionable testimony proves the value of Lydia E. Pinkham's Vegetable Compound, and should give confidence and hope to every sick woman.

Mrs. Pinkham invites all ailing women to write to her at Lynn, Mass., for advice.

## Membership Contest at the Y. M. C. A.

The contest for new members at the Y. M. C. A. is proving a good thing for both members and association. It has been in progress since March 21. Up to this date just eighty new members have been added.

A contest with more liberal terms to both new and old members has not been offered by the association for many months. To new members, joining during the contest period, a quarter of a year free membership is given in addition to the full year, for the regular membership fee. New members after joining may in turn qualify for the following special privileges given to old members: (1) Every member who brings in a new member gets one month extension on his own membership; (2) He also receives an invitation to the banquet at the close of the contest; (3) He is making it possible for him to win the prize medal, to be given the individual who brings in the highest number of new members; (4) He is helping his side to win—whether he is a Red, White or Blue. Above all the man who is active in building up the membership, has the realization that he is contributing in a definite way to the permanent good of the association, and making it possible for the largest number of young men to enjoy the privileges and helps for clean, rich living which are afforded by the membership.

The contest is not entirely one of individuals, however. The present membership is divided into three teams—The Reds, The Whites and The Blues—and these teams are constantly vying with each other for the leadership. As was stated above, so new members have been added. Of these 81 have been brought in by the Reds, 20 by the Whites and 19 by the Blues. The score will not be announced again, however, until the close of the contest.

The workers of the winning team will be banqueted by the association. The workers, i. e., those who have brought in at least one new member on the two losing teams, will also be invited to the banquet but must sit at the "losers' table" and eat from wooden plates and tin spoons.

Banker in the Tails.

West Point, Nub., March 25.—Charles Mead, assistant cashier of the State bank of Beemer, a town of this county, was arrested and is now in the county jail, charged with embezzling the funds of the bank. Cashier Ira A. Williams says the pecuniations have been going on for three years. The shortage thus far revealed is \$1,000.

## S.S.S. FOR THE BLOOD

"The purifying action and curative properties of this great remedy have made 'S. S. S. For The Blood' a household saying, and thousands who are today enjoying perfect health owe their recovery from blood or skin diseases to this universally used blood medicine. S. S. S. is made entirely from roots, herbs and barks which possess not only cleansing and healing ingredients, but building-up and strengthening properties to keep the blood in perfect order. No one can be well when the blood is impure; they lack the energy and strength that is natural with health, the complexion becomes pale and sallow, the vitality is weakened and they suffer from a general broken down condition. When the waste or refuse matter, which nature intends shall be thrown off, is left in the system because of a sluggish, torpid condition of the expelling members, it is absorbed into the blood, making this vital stream weak, sour and acrid, and its condition is manifested by boils, pimples, rashes, blotches and other eruptions of the skin. S. S. S. goes into the circulation and removes every particle of blood taint or poison of every character, makes the blood fresh and strong and gives energy to the entire body. When the blood has been cleansed by S. S. S. all skin diseases and eruptions pass away and the smooth, clear skin, glowing with health, shows that the body is being nourished by rich, pure blood. Rheumatism, Catarrh, Sores and Ulcers, Scrofula, Contagious Blood Poison, etc., are all deep-seated blood disorders, and for their cure nothing equals S. S. S. It does not injuriously affect the most delicate parts of the body and can be taken with perfect safety by old or young. Book on the blood and any medical advice desired without charge.

### ARE GOING AFTER MORE PASSENGERS

INTERURBANS TO INAUGURATE CAMPAIGN WHICH MEANS REDUCED RATES.

A General Passenger Agent Will be Appointed and Under Him Other Agents.

Before many more days the Columbus, Newark and Zanesville Interurban, a part of the Schoepf-Dolan-Morgan syndicate, as is also the beam street railway, is to inaugurate a campaign for passenger traffic. It has not yet been announced whether the present rates will be cut, but this will likely follow. All this is thought to be the result of the new 2-cent railway fare in Ohio.

D. G. Edwards, vice president, and in charge of the Schoepf-Dolan-Morgan syndicate, has announced a bit of this coming campaign plan. He intends to place the whole number of roads owned by the interurban syndicate on a basis quite similar to that of steam roads.

As soon as he can find the right man, so Vice President Edwards announced in Cincinnati Saturday, he will make general passenger agent of the whole of the syndicate roads. Besides this general passenger agent, division and city agents will be appointed. It can be seen how a local agent can act in the double capacity of passenger manager of both interurban and city lines in Newark.

For the syndicate to cut the rates now in Akron would undoubtedly mean considerable more patronage for it. The roads now under the syndicate rule are many, the whole making a large sale of through mileage like the Columbus, Newark and Zanesville, Columbus, Buckeye Lake and Newark, Columbus, London and Springfield, Dayton, Springfield and Triana, Urbana, Bellefontaine and Northern, also other interurbans, are in control of the combine.

### FRANCHISE ACCEPTED

At a meeting of the Directors of the Newark, Martinsburg and Mt. Vernon Road.

The Board of Directors of the proposed Newark, Martinsburg and Mt. Vernon electric road held an important meeting on Saturday afternoon in the law office of Edward Kibler, to consider the franchise, and passed a resolution accepting the franchise, recently granted the company to enter the city, and the same has been filed with Clerk Munch of the City Council. The board now has franchises in Newark, Mt. Vernon and Martinsburg. Attorney Edward Kibler will leave for New York City in a few days to close the contract.

### NEW COURT ROOM WAS DEDICATED

WITH APPROPRIATE CEREMONIES ON SATURDAY AFTERNOON AND EVENING.

Judge Charles H. Kibler Read a Paper Giving a History of the Licking County Bar.

An event of more than ordinary interest was the dedication of the new Licking County Court Room. In the Court House on Saturday afternoon and evening, the interesting program of exercises having been prepared by the committee consisting of Attorneys Edward Kibler, J. V. Hillard, and Judge C. W. Seward, the whole being under the supervision of the County Commissioners.

The attendance in the afternoon, while not very large, was all that could be expected, and the program of exercises was fully carried out. The principal feature of the afternoon was the address of Judge Charles H. Kibler, in which he gave a history of the bar of Licking county from 1808 down to the present time.

The attendance in the evening was much larger than in the afternoon. The meeting was called to order by County Commissioner T. C. Jury, who made a few introductory remarks suitable to the occasion, in which he gave a brief review of the work of rebuilding the new court room. He was followed by Commissioners Lambert and Graham, in interesting remarks, after which a chorus composed of a number of the pupils of the seventh grade of the Newark public schools, in charge of Prof. Nussbaum, rendered a beautiful number, which occasioned a burst of applause, manifesting the hearty approval of the audience.

The address of the evening was then delivered by Judge Charles H. Kibler, in which he gave a review of the county and court, going back to 1808, which was exceedingly interesting to all who were so fortunate to hear it. During the course of the Judge's remarks he said that the first court in Licking county was held in 1808 in the house of Levi Hays, four miles west of Newark, and two miles east of Granville. There not being room in the house, the grand jury held its inquest under a large tree.

Prior to 1808, all business connected with the Licking county court was transacted at Chillicothe and Lancaster, but in this year the county of Licking was organized with the following as its first judicial and county officers: William Wilson, president judge of the Common Pleas court; Alexander Holmes, Timothy Rose and James Taylor, associate judges; Samuel Bancroft, clerk of the court; John Stadden, sheriff; Elias Gilman, treasurer; Archibald Wilson, Elisha Wells and Israel Wells, commissioners; John Stadden, collector of taxes; Archibald Wilson, jr., assessor of Licking township; Jeremiah Munson, assessor of Granville township. The Newark bar and bench have been honored by many men of talent.

Following Judge Kibler's address the large chorus of school children then rendered another beautiful number, which was greatly appreciated.

Rev. L. C. Sparks, pastor of the First M. E. church, was the next speaker. His remarks were confined principally to the new court room, law and justice.

The singing of a male quartet was next in order, and was one of the features of the evening.

Rev. L. S. Boyce, pastor of the First Presbyterian church, made a few happy remarks, appropriate to the occasion, which was followed by another number by the large chorus of school children.

Attorney Wood was the last speaker of the evening. His remarks were confined principally to the new court room and its decorations. He also gave a brief biography of the men whose portraits decorate the walls of the room.

The entire occasion was one that will be long remembered in the history of the county and of the Licking County Bar.

### THE LINGAFELTERS ASKED TO LEAVE

THE MEETING OF DEPOSITORS AND BORROWERS OF THE HOMESTEAD.

Which Was Held Saturday Night, But They Refused So to Do and Remained in the Hall.

An exciting scene was witnessed Saturday night, at a called meeting of the depositors and borrowers of the defunct Homestead Building association. Mr. and Mrs. James F. Lingafelter were present, and were prepared to take part in the proceedings of the meeting. It was apparent that their presence was not agreeable to the others in attendance and this sentiment took concrete form in a motion that they be requested to leave the hall.

Mr. Lingafelter arose and said that he and his wife had a right in the meeting which had been called for depositors and borrowers alike, and that they proposed to remain in the hall.

Mrs. Lingafelter made a remark to this effect, "If I go out I'll have to be thrown out." Both remained in the meeting.

About one hundred depositors and borrowers met to formulate some plan whereby the expenses of the Homestead Building Association could be curtailed, and the association business settled up.

Mr. S. C. Alsford called the meeting to order and stated to those present the purpose for which the meeting was called. He said the first thing in order would be to elect a permanent president and secretary, and declared the meeting open for nominations.

Mrs. Cam Smith of East Newark, was elected president and Mr. S. C. Alsford secretary. The president then invited Jesse Flory for a few remarks on the best way to pursue the matter for which the meeting was called.

Mr. Flory addressed the meeting. His remarks were very interesting as he gave in detail the facts of the closing of the association's doors up until the present time, and in his judgment the best course to pursue for all those interested to get their money.

Mr. Rees R. Jones addressed the meeting, as did also Mr. I. N. Wilson and Michael Sachs. At this point some discussion arose as to what amount the expenses the receivership was at.

On motion of Mr. Julius Juch, a committee of five was appointed to ascertain what has and what will be done in the near future towards closing up the association's business.

The following names were then presented and duly elected, the committee to report back next Saturday evening, at the same hall: L. P. Pratt, Julius Juch, Rees R. Jones, Mrs. Cam Smith and Mrs. McKiever.

The secretary then reported the expenses of the meeting which was as follows: The Advocate Printing Co., \$2.50; The American Tribune Printing Co., \$2.50; hall rent \$1.25. Total \$6.25. Receipts of the evening were \$4.00. The report was received and filed.

The meeting then adjourned to meet Saturday evening, March 31, at Electrical Workers Hall.

S. C. ALSFORD, Secretary.

### FOSTER PREDICTS AN APRIL SHIVER

Washington, March 26.—Last bulletin gave forecasts of disturbance to cross continent 21 to 25, warm wave 20 to 24, cool wave 23 to 27. Next disturbance will reach Pacific coast about 28, cross west of Rockies by close of 29, great central valleys 30 to April 1, eastern states 2.

Warm wave will reach Pacific coast about 28, cross great central valleys 30, eastern states April 1. Cool wave will cross west of Rockies April 2, eastern states 4.

This disturbance will be about normal in all its features except that temperatures will average lower than usual and very much lower than those of the two preceding weeks.

This cold spell will extend to most parts of this continent and will not be good for growing crops, particularly for early gardening and winter wheat. But a great rise in temperature is in prospect for first week in April that will carry the opening crop-weather far northward.

About and immediately following April 1 one of the most severe storm periods of the month may be expected. A cold wave of large dimensions and more than usual severity will carry frosts far southward not far from March 27 and then will come a great rise in temperatures generally.

Battle-ship Wisconsin sailed for Shanghai to join the United States fleet there, rush orders to that effect having been received from Rear Admiral Train.

The Swiss federal engineers, it is said, have succeeded with great difficulty in arresting the movement of two miles of debris, which threatened to destroy the villages of Grignay and Chamson, situated in the canyon of Valais.

### Dentistry Robbed of Its Sting

Some people dread the dentist's chair. To hear them talk it possesses horrors unheard of. We learned this from persons who had been elsewhere. From others who had talked to persons whose teeth had been treated elsewhere.

Those who come to us frequently express the greatest surprise at the ease with which we perform our work and the degree to which we have succeeded in reducing the pain and inconvenience to those whose teeth we are treating.

No need for the most nervous person to dread coming here, either for extracting or filling. All our work is guaranteed.
